

## Tuition Schedule

Annual Registration Fees - \$200

Annual registration fees cover all school supplies for students, online curriculum subscriptions and annual testing required for all students as of the 2023/2024 school year.

Tuition Rates Level I - \$15,000\*

This level represents students who have special educational needs in the mild range based on past educational needs and services received, psychoeducational assessment and discussed in the initial interview process. These students may also present with behavioral issues which require specific interventions to manage classroom behavior and aid in their success in a school setting.

Level II - \$22,400\*

This level represents students who have special educational needs in the moderate range based on past educational needs and services received, psychoeducational assessment and discussed in the initial interview process. These students may also present with mild to moderate behavioral issues which may require specific interventions to manage classroom behavior and aid in their success in a school setting. Students at this level generally require multiple accommodations in order to assure academic success.

Level III - \$33,000\*

This level represents students who have special educational needs in the moderate to severe range based on past educational needs and services received, psychoeducational assessment and discussed in the initial interview process. These students may also present with moderate to significant behavioral issues which may require specific interventions to manage classroom behavior and aid in their success in a school setting. Interventions may include 1:1 services for crisis intervention and the development of anger management and problem solving skills. Students at this level require significant accommodations in order to assure academic success.

\*Volunteer hours used to cover unpaid tuition need to be approved prior to the start of the school year.
